

Love and War Part 1 (The Underworld Coven)

In the land they call the Underworld, witches have fought the Corrupt for hundreds of years. They are losing this battle. Only one coven remains to protect the human race, the Crux Coven, led by a grieving warrior-witch named Creed. He lost the only woman he ever loved and now as the Corrupt close in, he is about to lose his family too. Until a human woman breaks his wards and enters his sanctuary. Creed is a warrior prepared for battle, but not for the attraction he feels toward the human woman, Helaine. There is something dark about this woman. Something so powerful it scares Creed. Will Helaine prove to be the edge he needs to win the war between good and evil, or will he succumb to the dark power between them?
