

Seeking Her Alpha: Paranormal Werewolf Shifter Romance

Michelle Harding never gave much thought to stories about werewolves and their destined Mates and she certainly never thought she'd find one of her own, especially not in the snowy forest of Colorado. And then she met James. Wild and passionate, James floods Michelle with a torrent of emotion that leaves her hanging on the precipice of control as they tumble into a night of passion that shatters Michelle's beliefs. All Michelle wants to do is embrace the wild wolf who effortlessly waltzed into her life and stole her heart, but her own pack--a group of savage wolves--does not appreciate an outsider trying to carry away one of their own. Terrified at the prospect of losing herself and her mate, Michelle is forced to run--unsure of where she's going but certain that if she stops, nothing will ever be the same again.
