

## The Playboys Baby

They cant forget the past, but is it enough to create a future? When an accident leaves her guardian to her six-month-old niece, Emma Stanton must return to her small hometown of Hastings, Montana to find the one man shes spent the last eight years trying to forget. She and Dillon had grown up together--he was her sisters best friend. But that hadnt stopped him from sharing a kiss with Emma that had followed her through the years. Now, not only must she break the news of her sisters tragic death to Dillon, but she must risk the only family she has left and tell him hes the babys father. Wealthy nightclub owner Dillon James has been used for his name and money one too many times, so when he comes face-to-face with Emma Stanton and her gorgeous lips, hes determined to keep things light. All he wants is to be the father his daughter needs, to make up for not being there for her and her mother. But spending time with Emma, as she shows him the ropes of caring for his daughter, is wearing down his defenses. Perhaps its time he took a chance on love. If only he can convince Emma to take a chance on him...
