Her finances are in ruins. She has no one she can turn to, no one in her life that can lift her from despair. Until the enigmatic Evan Rowe enters her life. Devilishly handsome and staggeringly rich, Evan offers Anna a chance to turn her life around and save her flagging business. It seems painfully simple; the signing of a basic contract will entitle her to a hefty sum, resolving all of her debts and freeing her from the bondage of invasive debt collectors. Like everything else about Evan Rowe however, the contract isnt so simple as it seems. Evan wants something from Anna-- something she isnt sure she can sign away so easily. The stakes are high. Will Anna become Evans servant for a mere three days to turn her life around?
