

The Third Kiss: Dorians Dream

Third times the charm. In the steamy aftermath of a Baton Rouge day, in the depths of a kings luxurious mansion, a man with blue eyes dreams of a woman. Emma Rose Nekoda is a girl with a painful past who relies on the love of her last living relative, her brother, and the joy of her work as a photographer to get her from day to day. But her memories have scarred her deeper than she admits, and her past is more dangerous than she knows. As she travels to the mist-filled streets of New Orleans for the opening of her first gallery showing, she is completely unaware that she has been ear marked for something greater - and more terrifying - than most people could have imagined. Dorian Adalard has lived several lifetimes, but the moment the woman appears in his dreams will forever be marked in his memory. The faint sadness in her beautiful smile haunts Dorians night and follows him into the daylight, chasing his heels like a beast, no matter how hard he pushes his bike, no matter how many laws he breaks on his way from Baton Rouge to New Orleans. It only gets worse when later that day, he looks up to find his dream girl watching him from the sidewalk of a busy New Orleans street. A nymph in blue jeans with wild hair and big eyes, she fills Dorian with an inexplicable and unshakable desire to protect and to devour. And he knows who she is. For she is unique; there has never been another born like her. But she is not meant for him. She is the foretold queen meant for his brother the beautiful, sadistic, and all too powerful vampire king.

Forever a changed man, Dorian finds himself breaking tradition, bucking vampire law, and going up against a veritable army and its ruthless master to save the woman he loves from the man he loathes taking Emma along for the pulse-pounding, life-altering ride.
