

## FRACTURED (The Caged Series Book 5)

Returning home after three weeks of captivity in the shadows of her own mind, Ruby discovers the magnitude of the damage her absence left in its wake. With relationships to mend and unsolved mysteries still looming, she has little time to deal with the latest drama at hand: the three disreputable werewolves recently thrust into her life and a missing Scarlet. Ruby must quickly learn to adapt and thrive in her new situation while also treading carefully around it. If not, she will suffer the consequences?and without her genetically built-in safety net present, the ramifications could be epic.
