

Bad Boys Baby: Wicked Angels MC

Once is never enough. I've got money. I've got power. I do what I want, when I want, how I want. I clawed my way out of the gutter to get to this life. I thought I'd never see her again, but the world has a sick way of throwing your past back in your face. When I stop a couple of punk kids from assaulting an innocent girl, who turns out to be the damsel in distress? Her, of course. The sight of her still makes me hard with desire. And when it turns out that she has a son my son that she's been hiding from me for all these years, I almost explode.

Forget the war with my rivals. There's only one thing that matters now: taking back what's mine. *Bad Boys Baby* is a full-length, standalone romance novel with steamy hot sex, strong language, a happily ever after ending and NO CLIFFHANGERS.
